

CODES AND CONTACTS

In 2013, the ACH Manual of Procedure was revised. The sections containing Membership Contact Information, City Codes and Airline Codes were moved into its own publication; Codes and Contacts. Codes and Contacts is a "living document". As changes to the content of Codes and Contacts are made, the date in the lower left hand corner will be updated to reflect the latest update date. ACH will continue to distribute Communications to its Participants regarding changes.

This document is designed for an electronic, rather than a print environment. Because of this, it is strongly recommended that you take advantage of the comprehensive set of bookmarks embedded within this document.
